

Welcome!

Alaska's farmers grow some of the best produce in the country. Fresh fruits and vegetables are an essential part of good nutrition. The Alaska Farmers' and Senior Farmers' Market Nutrition Program introduces WIC participants and eligible seniors to produce grown in Alaska. Through this program, participants are issued coupons and vouchers that they can exchange for Alaska-grown fruits, vegetables and herbs at local Farmers' Markets and farm stands. The program helps Alaska's economy by bringing new customers to Alaskan farmers who sell their products directly to consumers. The USDA and the State of Alaska fund this program.

We encourage participants to keep this brochure as a useful resource for using Farmers' Market Nutrition Program coupons and Senior Farmers' Market Nutrition Program vouchers and Fruit and Vegetable Vouchers.

Enjoy!
